

BUTTE EXCHANGE IS CLOSED DOWN

Bell Telephone Company Has More Trouble on Its Hands With Union.

MANAGER D. S. MURRAY TALKS

Company Today Mails Circular to All The Subscribers in Montana Setting Forth Inside History.

The labor unions continue to play havoc with economic conditions at Butte. No sooner does one struggle cease, and the horizon seem cleared up, than another cloud looms up with more trouble on hand. In fact "One we do tread upon another's heels, so fast they come." The Bell Telephone company appears to have its full share, perhaps more than its full share of grief with the labor unions. No sooner does General Manager Murray or General Supt. Sommers return from settling a labor disturbance in Montana, than there is a call for one or both of them to come back and tackle yet another strike proposition.

There is still further trouble ahead in the much disturbed north country, and the present trouble is perhaps as serious as any yet experienced by the company, for the Butte exchange has been closed. A circular has just been mailed to all of the Butte subscribers of the Telephone company wherein is set forth inside history of the strike.

MR. MURRAY'S STATEMENT.
General Supt. Murray was found at his desk this morning, and to queries from a representative of the "News," said:

"Our operators at Butte were called out about 10 days ago in sympathy with striking linemen at Salt Lake and elsewhere, although a contract with the operators' union had been arranged by the Business Men's association of Butte to run until Jan. 1, 1908. When the operators went out, I went to Butte and met with the Business Men's association and the labor committee, and the labor committee agreed to put the operators back at work for 10 days pending negotiations. I said these negotiations would be through F. J. McNulty, grand president of the International Brotherhood of Electrical Workers. Mr. McNulty telegraphed a few days ago that instead of being here when he had expected he could not reach Salt Lake until July 8, today the operators at Butte did not see fit to continue work until he should arrive and arbitrarily closed down our business there, leaving the company no recourse. The only dealing that can be done must be through the grand president, and as we cannot control his movements, the action at Butte seems most unreasonable. Our exchange at Butte is closed, and necessarily remain closed until the labor people at Butte see fit to permit it to reopen."

A BIG LUMBER DEAL.

Messrs. Murphy, Nibley and Stoddard Purchase California Timber Tract.

Another big Utah corporation will be launched in the immediate future. It will be known as the San-Vincenzo Lumber company, and it will be the owner of a tract of 8,000 acres of red wood timber located in the county of Santa Cruz, Cal. The purchase has just been closed up by Mr. F. S. Murphy of this city, who was instrumental in making the recent sale of the Glenn Lumber company of Salt Lake to the Goodyear Lumber company of the east. Mr. Murphy is just back from California, where he went to look over the timber land. He states that the tract contains approximately three hundred million feet of timber, and that a cash price of \$25 per thousand stumpage was bid, involving an outlay of \$60,000 cash down which will be paid either today or tomorrow. The timber land lies 90 miles south of San Francisco, 12 miles from Santa Cruz, and is only two miles from the Ocean Shore railroad, which runs down the Pacific coast.

Mr. Murphy represented himself, Hon. C. W. Nibley and George Stoddard in the purchase, and they are the sole owners. The company will be incorporated under the laws of Utah, and the articles will be filed at once.

CARD OF THANKS.

We desire to express our gratitude to the friends and neighbors who so kindly did all in their power for our comfort and consolation during the illness, death and burial of Mrs. Alice Sadler. We wish to make particular mention in this regard of the Bishopric of the First Ward and to the ladies of the Women of Woodcraft.

A. C. SADLER AND FAMILY.

MESICH HELD.

Austrian Must Now Answer to the Charge of Murder.

Stanisa Mesich, the Austrian charged with murder in the first degree, of Herman Obradovich, and who was given a preliminary hearing before Judge C. B. Diehl last week, will have to stand trial in the district court on the charge named in the complaint.

This morning the court rendered a decision on motion from the defense to discharge the defendant. Judge Diehl stated that, in his opinion, the plea of self-defense was not well taken and that Mesich shot the deceased while the latter was running away from the defendant. As to the other defense, justification, the court did not believe that Mesich was justified for the reason that the shooting was not done in the heat of passion as contemplated by the statutes.

Obradovich, the dead man, had eloped with Mrs. Mesich after the pair had robbed Mesich of \$500. They went to Nevada, but Obradovich abused the woman and she returned to Salt Lake, followed by Obradovich. The latter had made threats against Mesich and when the pair met near the west end of the O. S. I. viaduct, Mesich fired six bullets into the body of Obradovich, killing him instantly.

HELP WANTED

Ladies' Clothes Ironers also girls for other departments, TROY LAUNDRY, 431 So. 6th East St.

FILE UNDER CAREY ACT.

New Company Will Open up 59,000 Acres in Beaver County.

At 12 o'clock noon today the Beaver Irrigation, Land and Power company filed an application with the state land board for the withdrawal of the first lot of land to be taken under the provisions of the Carey act in the State of Utah. The application asks that 59,000 acres of land in Beaver county be withdrawn from public entry and made subject to the provisions of the act of Congress referred to, which enables settlers to secure up on reasonable terms land under irrigation canals to which a sufficient and permanent water right is absolutely guaranteed. The land is situated on three sides of Minersville, Beaver county, bounded on the east by the Wasatch mountains and on the west by the line of the San Pedro railroad, and includes fillings on the waters of the Puffer, Blue and Mirror lakes and the flood waters of Beaver river.

In addition to these fillings the company has entered into a contract with the Minersville Reservoir and Irrigation company whereby they secure certain original rights of the Minersville people, which date back as far as 1855, together with reservoir sites, ditches, etc., which they have had in actual use and in course of construction since 1885. The land will soon be thrown open to settlers.

A copy of the articles of incorporation of the company was filed with the secretary of state today. The corporation is organized under the laws of the state of Idaho, and is capitalized at \$1,250,000. The officers of the company are as follows: Joseph Kimball, president; F. M. Lyman, Jr., vice president; Edward Krehbiel, treasurer, and J. L. Catron, secretary. These gentlemen, with the exception of the secretary and the addition of Joshua P. Terry and Thomas E. Fitzgerald, constitute the directorate of the company. Joseph Kimball is manager and F. M. Lyman, Jr., chief engineer for the corporation.

WILL HAVE TO FACE CHARGE.

Complaint Issued Against Mrs. Work Charging Grand Larceny.

C. E. W. Bowers, a Main street jeweler, filed a complaint in Judge Diehl's court this afternoon charging Mrs. Work with grand larceny. Mrs. Work, as stated in Saturday's "News," is the woman who was arrested by Detective George Chase on the charge of stealing a \$90 diamond from his store on Saturday. The woman, it is alleged, asked to look at some jewelry and while Mr. Bowers' back was turned she fled with a diamond study from the tray on the counter.

Facts Concerning The Great Fer-Don

And the Boy Phenomenal, Who By Their Fair and Honest Work in Salt Lake, Have Gained the Confidence of the People.

MORE GALL STONES, MORE TAPE-WORMS REMOVED.

Tumor Removed From Arthur Farnsworth, 530 West Seventh Street, In Full View of Audience Saturday Evening.

ELDERLY MAN TELLS OF RELIEF

The large shows grounds of the Great Fer-Don at Second South and Second West streets, were taxed to their capacity on Saturday evening at which time it had been announced a tumor was to be removed so that all could see how the Boy Phenomenal performed his work without the use of a knife, without drawing blood or causing pain.

Arthur Farnsworth, who lives at 530 W. 7th St., has been troubled with a tumor upon the neck for a long time. Mr. Farnsworth's attention was drawn to the fact that the Boy Phenomenal removed tumors, cancers, etc., without the knife, and "being desirous of escaping the dreaded operation," Mr. Farnsworth investigated. When he came upon the platform, the Boy Phenomenal came forth, and after his first formal introduction to the audience, demonstrated how easy, by his methods, it was to remove these abnormal growths. With deft and practiced hand he applied one of his preparations to the tumor and in less than five minutes it had been completely removed. No knife had been used, no blood drawn and no pain caused.

DEAF MUTE SPEAKS.

Mr. O'Brien, whose relief from deafness more than a week ago, was more wonderful than usual owing to the fact that the man more than 85 years of age, and has been deaf for about forty years, came upon Fer-Don's platform Saturday night, and in a talk lasting several minutes told how greatly he had been relieved. How this relief had lasted, not only a few minutes, but now, after more than a week, was greater than ever. His remarks were greeted with much applause.

The Great Fer-Don still continues to furnish proof each evening of the marvelous results obtained through the use of the Fer-Don Remedies and the treatment of the Boy Phenomenal. Day after day is presented an array of proof which should convince the most skeptical that the Boy Phenomenal has a system of treatments that are doing much to benefit the condition of the sick and afflicted of Salt Lake and vicinity. His methods of removing cancers, tumors and gall stones without the use of a knife is receiving much acclaim by those who wish to avoid the dreaded knife.

Without an operation Mrs. George V. Martin, who lives at 330 South First West street, was relieved of gall stones, with which she had for a long time suffered. Mrs. Martin had some time ago submitted to an operation, but had not seemed to be greatly benefited. Having heard of the Boy Phenomenal's method of bloodless surgery, she took three doses of one of his medicines, and to her great satisfaction was relieved in less than a week of all her troubles. Yesterday, when seen, she expressed her pleasure at the wonderful results of the young physician's treatment.

Another interesting case is that of Mrs. Marie Brugger, 15 Palmer avenue. Mrs. Brugger had suffered with loss of appetite, dizzy spells, pains in back and other symptoms which show the presence of gall stones. She came to the office of the Boy Phenomenal in the Windsor hotel, and after one dose of his medicine was relieved of a talisman measuring about fifty feet in length.

Proofs like this are presented daily of the almost magical powers of the Boy Phenomenal's treatments. And not only in cases of cancers, gall stones and tapeworms, but many have received excellent results from the use of his treatments for rheumatism and many chronic diseases.

The offices at the Windsor hotel will evidently be crowded all next week, as usual, and the free entertainments given by the Great Fer-Don at the corner of Second South and Second West will continue. Fer-Don promises a new programme for each night, at which new songs, new dances and new acts will be presented.—Advertisement.

BIG PLANTS PLANNED.

Eastern Brewing Companies to Build Storage Plants in This City.

Architect C. M. Neuhausen has completed plans for a \$12,000 cold storage plant for the Fred Krug Brewing company of Omaha, to be erected on Second North street, between Third and Fourth West streets. It will be 30 x 157 feet, and of one and two stories. Mr. Neuhausen has also plans for a \$12,000 cold storage plant 50 x 175 feet, to be erected on Third South street, between Sixth and Seventh West streets, for the Zang Brewing company of Denver. These companies have heretofore stored with the railroads; but as this is now illegal under the interstate commerce act, the companies will have to attend to their own cold storage.

AMUSEMENTS.

Wandamere—The sale of seats for the big musical chautauqua to be held at Wandamere during the week of July 22, commences tomorrow morning at the Clayton Music Co. Those securing seats first will be given the best reservations for the same prices as will be later charged for general admission. The last two nights of the musical contest, of mixed choruses, mixed and male quartets, soprano, alto, tenor, baritone, bass, violin and piano solos. The leading music teachers of the state have taken a great interest in the affair, and many of their pupils have entered the various contests.

Orpheum—"What Happened to Jones" goes on at the Orpheum this evening.

Lyric—The new bill of vaudeville this week promises to draw good business in spite of the heat.

Theater—"Brownies in Blossom Time," by the Junior choir of St. Mary's cathedral, will be rendered at the theater this evening.

ORGAN RECITAL.

Program for tomorrow's organ recital in the tabernacle, with Prof. J. J. McLean at the desk: "Meditation and Teccata," "Every Dream" ("Tristan and Isolde"), "Enchanted Bells," Wagner. Old Melody, Haberbier. Arranged by Performer. Piazicato. Concert Overture, Delibes. Hollice.

LATE LOCALS.

Bank Clearing—Today's local bank clearing amounted to \$1,197,553.95 as against \$1,028,965.55 for the same day last year.

Musical Chautauqua—By an oversight, the name of one of the pieces to be played in the first class piano contest at the Wandamere Musical Chautauqua, was omitted from the list recently printed in the "News." It was "To Spring," by Grieg.

Contract for Pews—Architect Neuhausen let the contract this morning, to B. A. McMillen for the pews in the new Catholic cathedral, the consideration being \$5,000. This takes care of all contract matters in that direction for the present, as the matter of the steeples may not be acted upon for some months.

Sugar Stocks Advancing—A typographical error in the stock quotations of the Saturday News placed Western Idaho sugar stocks at \$10.50, the figures should have been \$10.90 ex-dividend, at which the stock is in good demand. Utah Sugar common took a spurt on Saturday and is this morning quoted at \$1 bid, \$4.15 asked, with few transactions.

James Thomson Dead—James Thomson, head of the Thomson Real Estate company and one of Salt Lake's old and prominent citizens, died this morning about 3 o'clock. Arrangements for the funeral have not been completed yet. Mr. Thomson was a member of the first state legislature. He was at that time a staunch Populist. In business and political circles Mr. Thomson was widely and favorably known.

Federal Court Adjourns—Judge Riner of Wyoming presided at this morning's session of the federal court. In the case of the Kangas estate vs. U. P. Coal company the demurrer of defense was overruled and 10 days given to answer. The case of Meyer Royal Spice company vs. Intermountain Milling company was dismissed upon payment of costs. Court was then adjourned with open date.

R. E. Evans, Forist, 36 S. Main St. Floral Designs a Specialty. Phone 961.

NOTICE OF APPLICATION TO DISINCORPORATE.

In the Third District Court, in and for Salt Lake County, State of Utah, in the matter of the application of the Vespasian-Hogley Mining Company, to be dissolved, Notice is hereby given that the Vespasian-Hogley Mining Company, a corporation formed under the laws of the State of Utah, has presented to the Third District Court of Salt Lake County, Utah, a petition praying to be dissolved, to disincorporate and dissolve, and that Saturday, the 10th day of August, 1907, at 10 o'clock in the forenoon, or at any time thereafter as counsel may be heard, has been appointed as the time and Honorable Morris L. Ritchie, Clerk of the Third District Court of Salt Lake County, Utah, as the place at which said application is to be heard.

Witness the Clerk of said Court, with the seal thereof affixed, this 6th day of July, A. D. 1907.

By Wm. E. Jenkins, Deputy Clerk.
